

# **Rabat Mobile Energy Storage Container for Two-Way Charging in Sports Venues**

## Overview

---

The introduction of electric vehicles (EVs) will contribute to decarbonizing our cities and make them more sustainable, which will help mitigate climate change. To ensure a successful transition to e-mobility, c.

How many e-mobility chargers are there in Morocco?

AFRIMOBILITY, a new CPO and player in the e-mobility sector in Morocco, has deployed on Moroccan highways and cities a charging network branded as FASTVOLT, composed of 22 fast chargers with a rated power of 50 kW for each, as well as 28 AC chargers. By the end of 2024, this CPO is planning to deploy about 220 chargers (80 DC, 140 AC).

How many charging stations are there in Morocco?

The Moroccan charging network consists currently of about 112 charging stations in operation or in planning, many of which are located along the highway between Tangier and Agadir . The other ones are located along national roads, on the outskirts of major cities, gas stations, rest areas, and hotels (Fig. 5).

How many charging stations will Morocco have in 2023?

In 2023, the intersectoral professional association for electric mobility (APIME) has announced the deployment planning of 2500 new charging stations for electric vehicles in Morocco by 2026.

Is EV charging free in Morocco?

It should be mentioned that, in Morocco, public EV charging is still free up to date. Consequently, all charging sessions performed in the studied period were free. Additionally, there were generally no constraints applicable on the charging duration, nor on the plug-in time (the charging station is available 24/24 all week and weekend days).
