

Samoa base station communication equipment power generation

Overview

What telecommunications systems are in Samoa?

Telecommunications systems in Samoa include telephone, radio, television and internet. In 2009, the Samoa- American Samoa (SAS) Cable provided inter-island communication, as well as enabling users in Samoa to access the ASH cable capacity and connect to the global networks.

Who inaugurated Samoa's New generators?

The Speaker of the House, Papalii Lio Masipau, had the honor of cutting the ribbon to officially inaugurate the new generators, marking a significant milestone in Samoa's power infrastructure development. Related topics:.

Why is Samoa preparing for the Commonwealth Heads of Government Meeting?

The new generators are also timely, as Samoa prepares to host the Commonwealth Heads of Government Meeting (CHOGM) in October. These generators will ensure a reliable power supply for both public use and the high-level meeting, enhancing Samoa's readiness for the event. Olo commended EPC's efforts in providing affordable electricity to the public.

How many diesel generators are there at fuluasou substation?

The Electric Power Corporation (EPC) unveiled three new diesel generators at the Fuluasou substation on Friday, a move set to enhance the reliability and sufficiency of power supply amid growing electricity demand. EPC invested \$10.7 million in acquiring a total of four generators.
