

# **Sierra Leone solar container communication station inverter solar power generation energy saving**

## Overview

---

Who is supplying containerized solar power in Sierra Leone?

Photo: Michael Duff - InfraCo PowerGen, through their Sierra Leone project company Off-Grid Power (SL) Ltd\*, has tendered 20 containerized solar systems for implementation in Work Package 2 of the RREP. The German system integrator and EPC Asantys Systems GmbH was selected to supply the containerized solar power assets.

Does Sierra Leone have a solar project?

Sierra Leone launches the World Bank-backed RESPITE solar project, bringing clean energy to 28 underserved communities and boosting economic growth.

How has Sierra Leone improved electricity access?

Sierra Leone has taken a significant step toward improving electricity access with the launch of the Regional Emergency Solar Power Intervention Project (RESPITE).

Why does Sierra Leone need infrastructure investment?

The Government of Sierra Leone is also seeking infrastructure investment to support expansion of energy distribution and transmission networks. Sierra Leone has good access to natural resources necessary for energy production such as access to viable wind speeds and sunshine for renewable wind and solar projects.
