

Solar Street Light 12v Inverter

Overview

What is an-SLV solar street light?

AN-SLV series high-power commercial all in one LED solar street light is the latest cost-effective integrated outdoor solar led street lamp launched by Anern. The silver die-cast aluminum lamp body is equipped with a detachable battery box and COB LED lamp. The customized size is from 40W to 150W, suitable for different government projects.

What is anern solar LED street lights?

Anern Solar LED street lights are a solar solution that replaces traditional street lights by combining solar energy and LED light sources. Solar panel street lights can not only meet the basic functions of lighting, but they can also provide brightness that can reach 2-3 times the brightness of the traditional ones.

Who makes LED streetlights?

Being the leading LED lights company in 2007, NOMO started to make solar streetlights in 2014. At first, it produced LED strip lights, LED tube lights, and LED bulb lights, and then it launched outdoor LED lights, including LED flood lights and LED streetlights. This company is well known for its tunnel lights, besides solar streetlights.

Are solar streetlights environmentally friendly?

If you are looking for an environmentally friendly light source for the street, nothing can beat solar streetlights. These lights save electricity and play a role in minimizing the effect of global warming. Solar streetlights get power from sunlight.
