

# Solar container energy storage system integrator gross profit

## Overview

---

Can a system integrator save money?

By doing this, IPPs like NextEra in the US and Eco Stor in Germany (two examples) can save on the cost of hiring system integrators, and this approach accounts for a 'significant share' in some local markets, Shi and Rambli said.

Which solar companies are planning their own battery cell production?

Canadian Solar, via its BESS subsidiary e-Storage, is also sixth in the global ranking. They also said that such companies are also planning their own battery cell production, mirroring their vertical integration strategy in the PV module supply chain.

Who are the largest system integrators in the Bess industry?

Foreground and background images, respectively: BESS systems deployed by Sungrow and Tesla, the two largest system integrators globally according to S&P. We hear from S&P Global Commodity Insights analysts and a former Fluence executive about the major trends shaping the competitive landscape of system integrators in the BESS industry.

Should system integrators outsource manufacturing?

The norm to-date for system integrators has been to outsource manufacturing to someone else. Kepshire agreed with Energy-Storage.news suggestion that manufacturing in-house was most likely better for quality control, but did not think that the industry was necessarily heading that way.
