

# **Storage solar container battery factory in Oman**

## Overview

---

Muscat: Nama Power and Water Procurement (PWP) has signed an agreement for the development of the Sultanate of Oman's first utility-scale solar and battery storage project with the consortium of Abu Dhabi Future Energy Company PJSC - Masdar, Al Khadra Partners, Korea Midland Power Co. Ltd (KOMIPO), and OQ Alternative Energy (OQAE), with an investment of RO 115 million. Where to buy batteries in Oman?

The Group's batteries division is one of the most preferred outlets for batteries in Oman. Some of the brands include Globatt, INCOE and more. A nationwide network of branches and exclusive outlets encourages customers to enjoy the convenience of making a good choice at cost effective prices.

How much will Oman's power sector invest in the next six years?

Taken together with parallel plans for the implementation of a raft of Wind IPPs and combined cycle gas turbine (CCGT) power projects, total investment in Oman's power sector is set to balloon to well over \$5 billion over the next six years through to 2030.

Why do solar power plants need battery storage?

Battery storage allows solar power plants to store excess energy generated during the day for use at night or when demand is higher. Storage is key to balancing electricity supply and demand, while also supporting the grid.
