

Supercapacitor Manufacturer in Penang Malaysia

Overview

Why is supersic establishing a manufacturing facility in Penang?

Dato' Loo Lee Lian, Chief Executive Officer of InvestPenang, said: "SuperSiC's decision to establish its manufacturing facility in Penang underscores the state's position as a leading hub for high-tech industries and advanced manufacturing.

What are the different types of supercapacitors?

Supercapacitors: 657 Products Found We offer a selection of electric double-layer capacitors (EDLCs), lithium ion capacitors, and miscellaneous types. A supercapacitor is a double-layer capacitor that has very high capacitance but low voltage limits. Supercapacitors store more energy than electrolytic capacitors and they are rated in farads (F).

Who is maxcap electronics?

Maxcap Electronics developed from humble beginnings. Since then, we have grown from strength to strength - increasing our production lines from four to 22, and continuously enjoying a steady growth in our annual sales turnover. Our products go through strict and extensive quality control scrutiny.

What are supercapacitors used for?

Supercapacitors can also be used to power the robots used in automated warehouses. This is eminently practical because the robot will never be far from a point where it can be automatically recharged. Because wearable devices are designed to work with very low power, supercapacitors are a natural for their use in such applications.

Supercapacitor Manufacturer in Penang Malaysia

Central Capacitors (M) Sdn Bhd

Jun 15, 2022 · From humble beginnings of selling capacitor banks, we have since expanded our service and product line to cater to our customers ...

Maxcap Electronics Sdn. Bhd. in Penang

About Maxcap Electronics Sdn. Bhd., Manufacturer of Aluminum Electrolytic Capacitors from Penang, Penang., Malaysia.
