

Taiwanese businessman in Spain invests in energy storage power station

Overview

What is energy storage in Spain?

It targets large-scale energy storage projects in Spain. It focuses on technologies like standalone battery energy storage systems (BESS), pumped hydro energy storage (PHES), and thermal energy storage. The program supports hybrid projects, which combine storage with renewable energy, such as solar or wind farms.

How will Spain increase its energy storage capacity?

Spain has launched an ambitious €700 million (around \$796 million) program to increase its energy storage capacity. This plan will add 2.5 to 3.5 gigawatts (GW) of storage. It includes pumped hydro, thermal energy storage, and battery systems.

Why should Spain invest in energy storage?

Investing in energy storage helps Spain meet its climate goals. This includes achieving carbon neutrality by 2050. Storing renewable energy instead of wasting it helps the country rely less on fossil fuels. This also cuts down greenhouse gas emissions. Pumped hydro, thermal storage, and battery systems are effective technologies.

How much did ESS invest?

Developers have pledged €1.99 billion in total investment for 144 projects representing 2.61 GW and 11.14 GWh of capacity. Battery energy storage systems accounted for 124 of the selected projects, while 17 involved thermal or power-to-heat storage and three were pumped hydro sites. To continue reading, please visit our ESS News website.

Taiwanese businessman in Spain invests in energy storage power station

Call for applicants to Spain's EUR700m large-scale energy storage ...

Jun 2, 2025 · Standalone and renewables-plus-storage battery projects can apply for up to 85% co-financing, along with pumped hydro and thermal energy storage sites.

Top 10 Energy Storage Investors in Spain , PF Nexus

Oct 14, 2025 · Here are Spain's top 10 energy storage investors, who are shaping grid flexibility, energy security, and decarbonisation. These major investors are funding high-impact initiatives ...

Spain Leads Europe in Solar-Plus-Storage with EUR148.5M ...

Aug 7, 2025 · Spain invests EUR148.5M in solar-plus-storage projects, making battery systems mandatory for renewables and setting a new EU energy standard.

5 Trends Shaping M& A in Spain's Energy ...

Jun 11, 2025 · Looking to the future Spain's energy storage market is at a tipping point. Investor interest is intense, regulatory developments are on ...

BW ESS, Ibersun Form Spanish Battery JV

Jun 24, 2025 · BW ESS and Ibersun have entered a joint venture agreement to develop large-scale battery energy storage systems (BESS) across Spain. The collaboration involves the ...

5 Trends Shaping M& A in Spain's Energy Storage Market

Jun 11, 2025 · Looking to the future Spain's energy storage market is at a tipping point. Investor interest is intense, regulatory developments are on the horizon and the country's reliance on ...

Taiwanese businessman in Spain invests in energy storage power station

About Taiwanese businessman in Spain invests in energy storage power station video introduction Our solar power generation and battery storage solutions support a diverse range ...

Spain's EUR700 Million Plan to Boost Energy Storage and Renewable Power

Jun 3, 2025 · Spain's EUR700M plan adds 2.5-3.5 GW of energy storage to boost renewables, cut emissions, and strengthen the grid.

Spain second country in world for stand-alone battery-based ...

Dec 20, 2024 · Renewable energy will cover almost half of the world's electricity demand by 2030, according to the Renewables 2024 report by the International Energy Agency (IEA), thanks to ...

Spain's Grid Set to Gain 2.2 GW BESS as BW ESS, Ibersun Join ...

Jun 30, 2025 · Global energy storage owner-operator BW ESS has partnered with Spanish developer Ibersun to launch a joint venture that will deliver 2.2 gigawatts (GW) of utility-scale ...

Spain provisionally awards EUR839 million to 11 GWh of energy storage

Oct 27, 2025 · The Spanish energy agency has proposed funding for 144 energy storage sites totaling 2.61 GW and 11.14 GWh under a European Regional Development Fund program.

Spain's EUR700 Million Plan to Boost Energy ...

Jun 3, 2025 · Spain's EUR700M plan adds 2.5-3.5 GW of energy storage to boost renewables, cut emissions, and strengthen the grid.

Call for applicants to Spain's EUR700m large ...

Jun 2, 2025 · Standalone and renewables-plus-storage battery projects can apply for up to 85% co-financing, along with pumped hydro and thermal ...
