

Tashkent solar powered mobile lighting vehicle

Overview

What is a mobile solar light tower?

Greenshine Mobile Solar Light Towers come in various configurations to meet your specific lighting and operational needs. The mobile solar tower is powered by the sun, meaning complete silence and no vibrations. Greenshine batteries should be replaced every 5-7 years, keeping maintenance costs low.

What are greenshine mobile solar light towers?

Greenshine mobile solar light towers extend up to 20 feet and retract to 6'3", lighting up large areas while requiring no connection to the power grid. These towers include different operating modes like "Dusk 'til Dawn" and other custom settings accessible through the Greenshine Connect App.

What is a SWT mobile light tower?

SWT Mobile Light Tower As the maker of the world's first LED light tower, SWT leads the industry in innovative light tower solutions. Our vertical mast and compact light towers have revolutionized industrial mobile lighting. Easy to setup, operate and maintain, our light towers provide maximum power in a minimal footprint.

Are greenshine solar light towers quiet?

Greenshine's mobile LED solar light towers are virtually silent, making them ideal for noise-sensitive scenarios. Do away with buzzing, incessant generators and opt for the quiet consistency of solar light.
