

# Ukraine outdoor energy storage

## Overview

---

Who energizes Ukraine's largest battery-based energy storage project?

Fluence Energy B.V., a subsidiary of Fluence Energy, Inc., and DTEK Group, Ukraine's largest private energy company, have energized Ukraine's largest battery-based energy storage project, totaling 200 MW across six sites.

How will a new energy storage system help Ukraine's energy resilience?

Fluence CEO Julian Nebreda added: "This achievement is a beacon of resilience and a symbol of what can be achieved through strong international cooperation." The new storage systems are expected to increase supply security, reduce outage risks, and enhance grid decentralization, contributing to Ukraine's long-term energy resilience.

How big is Ukraine's gas storage?

The highest level of gas stock and its third part is done by non-resident customers. Ukraine's vast storage facilities are not just an asset for the country itself, but rather for the entire continent. The storage system is the world's third biggest by capacity – behind only the United States and Russia – can store over 30 bcm.

## Ukraine outdoor energy storage
