

Uninterruptible power supply for Myanmar hospitals

Overview

Who is Myanmar Power Group Company Limited (mpg)?

Myanmar Power Group Company Limited (MPG) is a Power Solution Provider, especially in Uninterruptible Power Supply (UPS) industry since November 2017. MPG was founded on basis of experienced engineers whose experience in UPS field is over decade to be able to support the best pre-sales and after-sales support to our valued customers.

Why are uninterruptible power supplies important in the healthcare industry?

Uninterruptible power supplies can be critical to the sustainability of life in the healthcare industry. Medical facilities rely on IT and medical equipment for patient care, and equipment relies on the availability of electrical power systems. This dependence is driven by two power vulnerabilities.

What makes a good ups power supply & hospital generator?

As dependable and uninterruptible power supplies are a must – with a 99.999% operational efficiency – the UPS power supply and hospital generators you choose must be up to the high standards required for the healthcare industry.

Why do medical facilities need a power supply?

In medical facilities and hospitals, there are many devices and equipment used to treat patients and protect their lives. In order for these to operate stably, it is extremely important to secure a power supply. Stopping equipment due to unexpected power outages or other power problems puts patients at risk, so this must be avoided.
