

Vatican solar container communication station wind and solar hybrid equipment

Overview

How will the Vatican's new energy system work?

According to the Vatican's press office, the installation will apply the most advanced solutions currently available, balancing clean energy generation with the preservation of agricultural use, the region's hydrogeological stability, and the protection of its cultural and archaeological heritage (ZENIT News / Rome, 08.01.2025).-

Will the Vatican transition to solar energy in 2024?

Nearly one year has passed since Pope Francis revealed his plan for the Vatican state to transition to solar energy as its main power source, as outlined in the 2024 motu proprio *Fratello Sole*, or "Brother Sun."

Why did Pope Leo XIV visit the Vatican Radio station?

Pope Leo XIV visited the Vatican's radio transmitter station in Santa Maria di Galeria, Italy, on Thursday and thanked staff for their dedicated work in communicating the Church's mission around the world.

Will a Vatican Radio station be installed in 2025?

The future installation would be projected to "ensure, not only the power supply of the radio station existing there, but also the complete energy support of Vatican City State," he wrote. Fast forward to 2025, and the project is completed.

Vatican solar container communication station wind and solar hybrid
