

Wellington Energy Storage Inverter Company

Overview

Who owns the Wellington Battery energy storage system?

It now fully owns the battery storage facility. AMPYR Australia is now the full owner of the Wellington Battery Energy Storage System (BESS) after acquiring Shell Energy Australia's 50% stake in the project's stage 1. In a statement, AMPYR said it had been joint venture partners with Shell in the New South Wales project since October 2022.

What is the Wellington Battery energy storage system (BESS)?

The Wellington Battery Energy Storage System (BESS) is planned to be developed in the central west New South Wales (NSW), Australia. The project will comprise a grid-scale BESS with a total discharge capacity of around 400MW. AMPYR Australia, a renewable energy assets developer in the country, owns 100% of the BESS project.

Will Wellington Bess be the largest battery storage project in NSW?

Once operational, it will have a capacity of 1,000-megawatt hours (MWh) of green power. This will make Wellington BESS one of the largest battery storage projects in NSW. Wellington is being constructed at 6773 and 6909 Goolma Road, Wuuluman NSW 2820.

Who owns the Wellington Bess site?

Ampyr Australia purchased the remaining 50% in the Wellington BESS site from Shell Energy Australia in early February. This was for the project's first stage, comprising 300MW/600MWh BESS, whilst the second stage, already owned by Ampyr, will increase this by 100MW/400MWh.

Wellington Energy Storage Inverter Company

Ampyr Australia reaches financial close on 600MWh BESS

Jul 8, 2025 · Renewable energy developer Ampyr Australia has reached financial close on its 300MW/600MWh Wellington Stage 1 BESS in New South Wales.

AMPYR Australia Acquires Full Ownership of Wellington Battery Energy

Feb 7, 2025 · AMPYR Australia has announced the acquisition of Shell Energy Australia's 50% stake in the Wellington Battery Energy Storage System (BESS) in New South Wales. This ...
