

# What are the shared base stations in Togo

## Overview

---

Where is Togo located?

Togo is a state in West Africa, located on the Gulf of Guinea. It borders Burkina Faso to the north, Benin to the east, Ghana to the west and the Atlantic Ocean to the south. The country covers almost 57.000 km<sup>2</sup>. The plains in the north and south are dominated by savannah land, which makes up about 23% of the country's total area.

Is the Air Force part of the 1st Togolese Infantry Battalion?

The Air Force is part of the Air section of the 1st Togolese Infantry Battalion, founded in 1965 to reach its present structure with a General Staff in 1997, with two bases (a base for fighters and a transport base) with the acquisition of many aircraft.

What are the objectives of the Togolese Air Force?

Appearing after independence, the Togolese air force has only defensive objectives: defense of territory, support to land forces and populations. It is deployed on two air bases: a transport base (BTL Lomé) and a hunting base (BCN Niamtougou).

Who manages the power plants in Togo?

Most of the power plants of this type are managed by the grid operator and utility CEET. The largest two run by CEET are located in the capital Lomé and have a capacity of 12MW each. The largest thermal power plant in Togo is operated by Contour Global, a private company and has a capacity of 100 MW.
