

# **Which outdoor power source can charge quickly**

## Overview

---

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

What is the best portable power station?

EcoFlow Delta Pro 3 Portable Power Station The ECOFLOW DELTA Pro 3 delivers industrial-grade power for camping, emergencies, and home backup. Our testing confirmed this is the most capable portable power station available for users who need serious capacity.

What can a portable power station charge?

All portable power stations can charge up small gadgets like phones and laptops or be used to power lighting. Most can handle small appliances like mini-fridges or TVs. If you want to use power tools, an AC unit, or in the UK, a kettle, you need to be able to draw thousands of watts.

How to choose a portable power station?

Charging speed is a major consideration when evaluating portable power stations. Faster charging means less downtime and more productivity. Imagine you're on a camping trip, and your devices need a quick recharge. Look for power stations with multiple input options. USB-C, solar panels, and car adapters can provide versatility and faster charging.
