

Wholesale 100ah power station in New-Zealand

Overview

Why should you buy a portable power station in New Zealand?

New Zealanders love staying connected while they're out and about on holiday. Our range of portable power stations and solar-powered products ensures your devices are constantly charged on the go. Get the amps you need on-location and enjoy freedom from noisy generators. Shop for portable power solutions at Trade Tested online.

How is electricity sold in New Zealand?

Electricity is bought and sold on the wholesale market. There are about 330 participants in New Zealand's wholesale electricity market. The wholesale market is where generators sell electricity and retailers buy electricity. Retailers then on-sell that electricity to businesses and households across New Zealand.

How do wholesale prices change in New Zealand?

In New Zealand, wholesale market prices vary a lot depending on the balance between which power stations are available to generate, and how much electricity customers need at any one point in time. Customer demand can change a lot at different times of the day or year.

What is the wholesale market in New Zealand?

The wholesale market is where generators sell electricity and retailers buy electricity. Retailers then on-sell that electricity to businesses and households across New Zealand. There are about 80 generation companies, 62 retailers and 6 gentailers (generator-retailers) in New Zealand's wholesale market.
